During congestion, the small fraction of customers using >50GB/mo. may notice reduced speeds until next payment cycle due to data prioritization. Video typically streams on smartphone/tablet in SD quality (480p) unless you activate up to 4K UHD streaming on capable device on an eligible plan, or video typically streams in SD. Tethering high-speed data up to plan allotment, then at max 3G speeds; see plans for details.
General Terms: $35 device connection charge due at sale. Credit approval & deposit may be required. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $3.49 per voice line ($0.50 for RPF & $2.99 for TRF) and $1.40 per data only line ($0.12 for RPF & $1.28 for TRF) applies. Taxes approx. 6-28% of bill; additional usage taxed in

some countries. Charges apply for calls to other countries. Call forwarding only to U.S. numbers. Partial megabytes rounded up. U.S. roaming and on-network data allotments differ; current full-speed data plans include 200 MB roaming. Capable device required for some features. Not combinable with certain offers. Switching plans may cause you to lose current plan/feature benefits; ask a rep for details. Max 6 lines. Plan not available for hotspots and some other data-first devices. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Some messages, including those over 1MB, use data and may be unavailable internationally. In Canada/Mexico, data is unlimited at up to 128kbps speeds. Not available for hotspots and some other data-first devices. Video streams at up to 2.5Mbps (SD). Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Tethering up to high-speed data allotment, then unlimited on our network at max 3G speeds; see plans for details. For customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone/tablet usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. AutoPay Pricing for lines 1-5, max discount of $25. AutoPay discount requires bank account or debit card, otherwise $5 more/line/mo. May not be reflected on first bill. International Roaming: Calls, including over Wi-Fi, are $.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada); customers on consumer plans (e.g., some sole proprietors) pay an additional $.05/min. In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps; see plans for details. Up to 5GB high-speed data in up to 215+ countries and destinations; otherwise standard speeds approx. 256 Kbps. See plans for details. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. Coverage not available in some areas; we are not responsible for our partners networks. Scam Shield: Capable device and plan required. Turning on Scam Block might block calls you want; disable any time. In-Flight Connection: Eligible plan required. On select flights on select U.S.-based airlines; Wi-Fi Calling functionality, valide 911 address, & 1 prior Wi-Fi call with current SIM card required for messaging. Streaming where available. Secure Wi-Fi: Capable device, app download, and plan required. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, heavy data users (>50GB/mo. for most plans) and customers choosing lower-prioritized plans may notice lower speeds than other customers. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. See T-Mobile.com/OpenInternet for details. See Terms and Conditions (including arbitration provision) at www.T-Mobile.com for additional information.
